IMPORTANT INFORMATION

- Please note that this application form is to be used by new investors who want to invest directly with REZCO COLLECTIVE INVESTMENTS LIMITED (herein after “RCI”) instead of investing via a linked-in service provider (LISP).
- If you are an existing unit-holder, kindly refer to the applicable Reinvestment Form for top up investments or the applicable Disinvestment Form for redemptions.
- Please read through this document carefully and ensure that you fully understand it.
- Please complete the form in block letters and ensure that the information is clearly legible.
- Any reference to the term “investor” means the “registered investor”. The form must therefore be completed in the name of the person who will be the registered investor irrespective of who pays the investment sum.
- Please ensure that you also complete the necessary annexures, where applicable, which must be submitted with this application form.
- Kindly note the required supporting documents that must also accompany this application.
- Your investment will ONLY be finalised once the investment sum reflects in RCI’s bank account and we have received the fully completed, dated and signed form accompanied by all the annexures and relevant supporting documents as required by the Financial Intelligence Centre Act 38 of 2001 (FICA).
- The Foreign Account Tax Compliance Act (FATCA) requires that RCI collect relevant information from each client to identify US taxpayers, or persons who might be regarded as US persons for tax purposes, and to report them to the South African Revenue Service (SARS). It is mandatory for you provide any information pertaining to your US residency for tax purposes (if applicable) and to certify whether you are a non-US person or a US person accordingly.
- Kindly initial the bottom of each page where indicated.

SUMMARY OVERVIEW OF THE MANAGED PLUS FUND PORTFOLIO

Meticulous, concentrated share selection enables the Rezco Managed Plus Fund to be less correlated to the overall market and enables the fund to generate superior performance for investors. Our stock selection strategy focuses on international and domestic companies with strong earnings growth records, sustainable revenue streams and relatively low borrowings. By identifying companies which combine these features, Rezco is able to undertake in-depth research required to select new shares for the portfolio which can achieve a secure balance between risk and growth. The Fund’s primary objective is to create long term wealth for investors, while at the same time reducing the amount of risk. This is to be achieved within the constraints governing retirement funds. The Fund’s benchmark is the average of the ASISA SA Multi Asset High Equity category. The Fund aims to achieve returns well in excess of inflation measured over three to five year periods (CPI + 7%). However, this is not a guarantee. The Rezco Managed Plus Fund is actively managed to comply with the investment limits governing retirement funds, as it complies with Regulation 28 of the Pension Funds Act. The Fund is therefore suitable to form part of an investment portfolio for investors in retirement annuities, pension funds, preservation funds and provident funds. The Fund invests in a combination of shares, bonds and cash. The share weighting in the portfolio may not exceed 75% of the Fund’s portfolio, while exposure to foreign assets (excluding Africa) is limited to 25%.

FOREIGN ACCOUNT TAX COMPLIANCE ACT

The Intergovernmental Agreement (“IGA”) entered into between South Africa and the United States of America (US) was designed to improve international tax compliance and to implement the FATCA. In terms of FATCA, RCI is obligated to collect relevant information from each client to identify US taxpayers, or persons who might be regarded as US persons for tax purposes, and to report them to the South African Revenue Service (SARS). Throughout this document, you will be required to provide the investor’s tax information, or in the case of a non-individual investor, the entity’s tax information as well as the tax information of its beneficial owner(s). If it is declared that the investor is not a US person, or, in the case of a non-individual investor, all of its beneficial owners are not US persons, and the information provided in this form corresponds with such certification, we will identify the investor as such on our system and send no FATCA information to SARS.
